

REMARKS

This amendment is presented after allowance of this application in order to correct the dependency of claim 20. More specifically, the dependent claim 20 recites *inter alia* "said hinge sections" and "said frame". However, the "hinge sections" and the "frame" are first introduced in dependent claim 19, not in the independent claim 11 from which claim 20 depended prior to the present amendment.

Thus, with the present amendment to make claim 20 properly depend from claim 19, instead of from claim 11, the phrases "said hinge sections" and "said frame" will have proper antecedent basis in claim 19.

As both of claims 19 and 20 depend from the allowable independent claim 11, the present amendment does not affect the allowability of the claims. This amendment is being presented after allowance, because the necessity of making claim 20 depend from claim 19, instead of from claim 11, was not previously recognized. Accordingly, it is respectfully requested that this amendment be entered, and that a notice of the entry be issued at the earliest possible date.

Respectfully submitted,

Masatsugu TAKEUCHI et al.
